*"I feel very good that I do my own jobs here and decide how they are done. I feel really great when I have completed something and it is done well and looks great."*

*"I've been working around 4 years now. I like getting paid. I've paid for my own ticket overseas before. I just bought a PS5 and now I'm saving for mountain bike"*

# OUR BUSINESSES

## The 'Social' in Social Enterprise

Nationally, only 36% of people with a significant disability are employed (Faircount media group 2018). The Christie Centre is addressing this gap by using its Social Enterprises to create accessible work opportunities for people of all abilities in the Mildura region.

Our businesses are the Social Traders certified Social Enterprises in our region. This means that we run as a viable commercial business, but also reinvest up to 100% of all profits back into our purpose.

Your purchase helps to keep our 22 supported employees in work earning an Award wage and 12 other people on pathways to employment.

But wait, there's more. For every \$10,000 of additional revenue, we are able to create a brand new part-time position for someone who may have never had a job before.

Think big, support local, **choose Social Enterprise.**
